A screenshot of the 'Remove your pencil from My items?' dialog box in the Photos app. The dialog is dark-themed and contains a photo of a cream-colored knitted blanket with a wooden pencil placed vertically on it. Below the photo, the text reads 'In the photo: Cream-colored knitted blanket or sweater'. Under the heading 'WHERE IT IS', there are two options: 'No place yet' with a location pin icon and the subtext 'Put it away so you can find it', and 'Put it somewhere' with a location pin icon. At the bottom, there is a section titled 'Remove your pencil from My items?' with the text 'It goes to Settings. ... Recently removed, where it can be put back.' and two large buttons: 'Keep it' and 'Remove'.

This screenshot shows the 'Where is the pencil?' screen in the Pencil app. At the top, there is a 'Cancel' button. The main heading is 'Where is the pencil?' with a subtitle: 'Photograph the place or what it is in. Or tap one.' Below this, there is a large dashed yellow square with a heart icon inside, indicating where to tap. Underneath the square, the text 'No place yet' is displayed, followed by a plus icon and the instruction 'Tap + to add where it is'. At the bottom, there are three buttons: 'Linen close...' (with a pencil icon), 'Filling c...' (with a pencil icon), and a three-dot menu icon. A large white circle with a yellow border is visible at the very bottom of the screen.

The screenshot shows the Pencil app interface. At the top, there's a header with a back arrow and the word "Pencil". Below this is a large photo of a cream-colored knitted blanket with a pencil placed vertically in the center. A trash icon is in the top right corner of the photo. Under the photo, the text reads: "In the photo: Cream-colored knitted blanket or sweater". Below this is a section titled "WHERE IT IS" with a location pin icon. It contains two options: "No place yet" with the subtext "Put it away so you can find it", and "Put it somewhere" which is highlighted in orange. Below this is a section titled "IN THE PENCIL - 0" with the subtext "Nothing in it yet". There are two buttons: "+ Put things in" and "@ Log something in". At the bottom, a white pill-shaped button says "The pencil holds things now". Below that, a toggle switch is turned on, with the text "It holds things" to its left. At the very bottom, there's a button with a camera icon and the text "Add a photo".
