A screenshot of the Apple Home app interface. At the top, there's a title bar with a back arrow and the text "Bank locker key". Below this is a large image of a car's ignition with a keychain. Under the image, the text "WHERE IT IS" is followed by two small icons (a blue tin and a brown box) and the text "In the blue tin" and "Linen closet shelf". Below this is a light blue button with a house icon and the text "Move it". Further down, there are three settings: "It holds things" with a toggle switch, "Add a photo" with a camera icon, and "Rename" with a pencil icon. At the bottom, there's a section titled "Keep this private" with a toggle switch. Below this is a dark grey bar with the text "Now shared · everyone at home sees it".

Remove your bank locker key

A screenshot of the Google Home app interface for a 'Bank locker key' item. The item is represented by a photo of a black keychain with a silver ring. The app shows the item name, a photo, and options to move it, add things, log something, or add a photo. The background is a light gray with a subtle grid pattern.
